

# TREND MICRO™ TITANIUM™ AND WINDOWS 8

Effortless protection for your digital life.

Windows 8 has been reimagined to focus on your digital life by providing you with instant access to your people, apps, and stuff.

Trend Micro™ Titanium™ Maximum Security software makes it easy to enjoy the best of what Windows 8 has to offer. It protects what matters to you most—your family, privacy, data, and devices—without slowing you down.

## Fast and Secure

Windows 8 will provide a lighter, faster computing experience. And with Titanium's protection you'll be safer, without any slowdown.

- Titanium was built with performance in mind, using less disk space and memory than other security products
- With automatic updates, you are kept safe from even the newest online threats
- Set it and forget it. Titanium's protection doesn't get in your way, so you can fully enjoy your new Windows 8 devices at home or on the go

## Connected to your people

Windows 8 makes it easy to stay connected with family, friends and colleagues. Titanium makes it easy to stay connected safely with social networking security. By identifying dangerous links, Titanium protects you when you're on popular social sites.

- Identifies dangerous links on Facebook, Twitter, Google+, LinkedIn, Pinterest, MySpace, Mixi and Sina Weibo
- NEW Privacy Scanner for Facebook lets you easily stay on top of your Facebook page settings, so you can control who sees your profile

## Family Safety

The new Windows 8 interface is easier and more fun to use for every member of the family—including kids! Titanium makes it easy for everyone in your family to enjoy it while staying safe online with parental controls.

- Filter online content and control application access
- Limit Internet and application time
- Review detailed reports about Internet usage

## Connected to your files

Windows 8 is cloud-connected so you can access documents on any Windows 8 PC. Titanium makes it easy to share your memories with family and friends through Trend Micro™ SafeSync™. Titanium Maximum Security comes with a 5 GB SafeSync account to get you started.

- With SafeSync, you can sync and store your photos, music, videos and other important files on the cloud and easily access on a wide variety of devices
- Share a link to anything in your SafeSync folder, and easily send to friends

## Ultrasecure Apps

Apps are at the heart of Windows 8 and Trend Micro's new apps take your security experience to the next level. Titanium Maximum Security makes it easy to secure your device, browsing experience and passwords with new Trend Micro™ Go Everywhere, Trend Micro™ SafeGuard and Trend Micro™ DirectPass™ apps, all free with your subscription.

**Trend Micro SafeGuard** is a secure browser for Windows 8 that has security technology built right in. This provides you with a secure browsing experience by including safe search results ratings, social networking security, and more. Browse the web without worry with Trend Micro SafeGuard.

**Pricing:**

- Free in the Windows App Store.

**Trend Micro Go Everywhere** will protect your Windows 8 tablet from loss or theft. Locate your tablet if lost or stolen with just one click. You can find your missing device on a worldwide Google map or sound a 1-minute alarm. Whether you misplaced your tablet at the local watering hole, or in the cushions of your couch, Trend Micro Go Everywhere has got you covered.

**Pricing:**

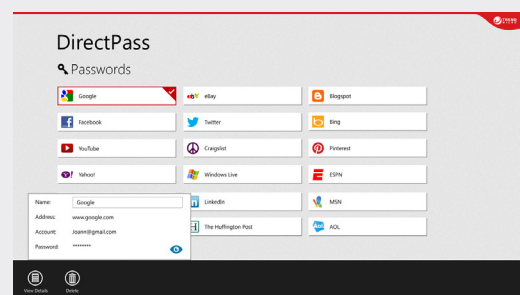

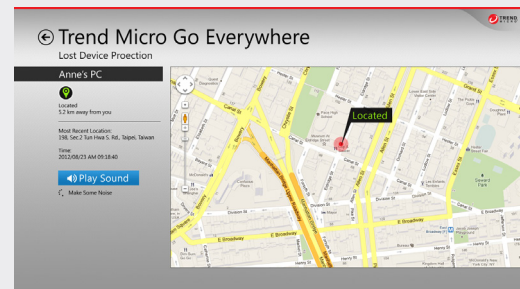

- Beta version available free for a limited time in the Windows Store.

**Trend Micro DirectPass** is more than a simple management app for your website passwords. It also provides you with an extra layer of security for your online shopping, banking, and financial transactions by encrypting your passwords. Now compatible with Windows 8, DirectPass has in-the-cloud synchronization across multiple devices - smartphone, laptop, or desktop - so you can safely interact online and manage your passwords wherever you are.

**Pricing:**

- Free in the Windows App Store.

## Made for Touch

Windows 8 is designed to be hands-on—you can switch between apps, navigate, type and more via touch. Titanium is optimized for an easy-touch experience.

- Target sizing of buttons make it easy to interact via touch
- Swipe the console to change your Titanium skin
